

The screenshot shows the IBM Cloud dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Bharathi S's Account). The main content area is titled "Dashboard" and includes links to "Edit dashboard" and "Upgrade account". Below this, a "For you" section displays four recommended cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services.), "Explore IBM Analytics Engine" (Develop and deploy analytics applications using open source Apache Spark and Apache Hadoop.), "Availability Monitoring" (Ensure your applications are always available and meeting user expectations for response time with Availability Monitoring), and "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel.). Each card has a "Getting started" button and a time estimate (10 min, 2 min, 15 min, and 2 hr respectively). On the right side, there's a user profile card for "Bharathi S" with links for Profile, Log in to CLI and API, Privacy, Change theme, and Log out. Below the main content, there's a "User access" section with a "Manage users" link, a "News" section with a "View all" link, and a "Planned maintenance" section with a "View" link. The bottom of the dashboard features a search bar and a list of recent news items, including "IBM Named a Leader in Gartner Magic Quadrant for".
